MEET + GREET

jessica lee mcintosh

Hello y'all, I'm Jessica! Lee, my middle name means "meadow or woods" which is probably why I love living in the country. I am a wedding and family photographer in the foothills of The Smokies with Hunter, my sweet, southern-as-all-get-out husband. Blogger of life, lover of travel, blessed to do what I love.

I left my first job in the accounting world not even a year after graduating college to pursue my passion. I capture my clients life stories through photojournalism tailored to uniquely reflect their unique style. I hope to inspire the hearts of other by doing what I love. I am truly blessed to have made my passion my career, working with wonderful clients and teaching others what I love.

cassandra o'donnell

My name is Cassandra! I am wedding & family photographer in Knoxville, TN. I moved here a few years ago from Tampa Bay, FL & have fallen in LOVE with this city ever since! Between the people, and the mountains I have been blessed to have the opportunity to not only call this home but to also start my business in such an amazing place. I live here with my husband Kyle, and our pit bull fur baby, Tank.

As a photographer my passion is driven off of being able to capture these important moments in the lives of those who are willing to share them with me.

My goal is to make beautiful memories that can be captured & treasured forever! I dedicate every beautiful image to my mother who gave me the gift of life & love. I am a bit of a wanderlust with a free spirit, over the years I have enjoyed traveling for photography all over the world including China, Thailand, Hawaii, and Vietnam.

You can. You should. And if you start, you will.
